

STELLA MALIATSOS

• SENIOR AI PRODUCT MANAGER • BUILDING 0 → 1 •
• PRODUCT-LED GROWTH •

ABOUT ME

- **Senior AI Product Manager with 6+ years** across product-led growth, innovation strategy and B2B & B2C SaaS, owning products end to end from **discovery to launch.**
- Specialist in **regulated, high-stakes domains:** healthcare, fintech and mobility, turning regulation and expert input into roadmaps engineers can build.
- **AI-first workflows:** LLM-assisted discovery, specification and rapid prototyping; certified in AI Product Management.
- Polyglot fluent in **English, German, Greek and Spanish**

RELEVANT EXPERIENCE

2025 – now

PRODUCT PEOPLE · *Product Management Consultant*
RLDATIX · *Healthcare workforce SaaS, B2B*

- **Owned discovery for Germany's largest client pilot** (40,000 staff, 52 hospitals): fit-gap of 40+ requirements against German labour law, validated 10+ into a v1/v2 delivery set.
- **Aligned 5+ teams** via MoSCoW/ICE in a **post-acquisition turnaround**, building a reusable market offering rather than a one-client fix.

N26 · *Neobank unicorn, B2C KYC*

- Business case for **new KYC methods** (BAV, NFC eID): **+2.4pp conversion, €135K/month savings,** BaFin and eIDAS compliant.
- **Shipped new KYC flow in 4 EU markets: − 18% retries, − 6-7% cost** per verification; pinpointed a 14pp drop-off and launched a 3-variant A/B test.

FREENOW BY LYFT · *Medical Dispatcher, B2B2C*

- **Led 0→1 discovery and MVP** for a medical-transport vertical, turning offline call-centre workflows into a Germany-first roadmap; set north-star metrics and Mixpanel instrumentation.
- **Turned Legal/Policy and Ops requirements into product rules** for a regulated, patient-facing service.

2024 – 2025

B2X · *Product Manager, Sustainability SaaS*

- **Owned the product lifecycle** and a team of 5 for a Scope 3 carbon solution; ran **roadmap workshops across design, engineering and sales with C-level.**

2020 – 2024

- **PWC** *Sustainability Consultant*, 2023-24 · **GOOGLE** *Digital Product Marketing,* 2020-22

2018 – 2020

AIRBUS · *Product Innovation Manager*

- Validated **product-market fit for 20 innovation start-ups**, owning discovery to shape go-to-market strategies and pilots.

IMPACT IN NUMBERS

52
hospitals in the healthcare pilot I owned

+2.4pp
KYC conversion in validated business case

€135K
monthly savings potential identified

−18%
verification retries across 4 EU markets

CORE STRENGTHS

AI Product Management & No-Code Prototyping

Data-Driven Decisions & Experimentation

User Research & Design Thinking

Product-Led Growth & Innovation Strategy

Cross-Functional Leadership

0 → 1 Product Ownership & Discovery

Roadmaps & Backlog Prioritisation

PROJECTS

RAW. *worth the squeeze.*

Natural Endurance Gel for High-Performance Athletes, taken from formulation to prototyping (Lovable, Claude Code) & go-to-market planning.
